Skin care & diet clinic
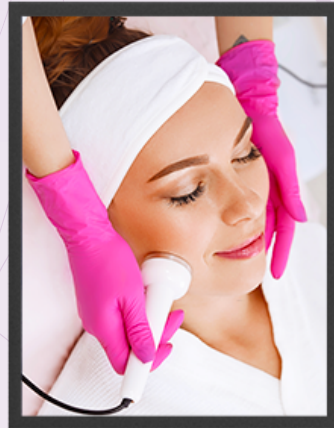

Dr. Gamal Al-Haddad

About Us :

- Diamond Clinic was a start up in 2013 , as it opened in Kuwait by only. Dr. Gamal Al-Haddad and one nurse.

In 2015 , Diamond Kuwait started to flourish, and had thirteen nurses, a secretary. and one other doctor, then the Alexandrian branch opened.

After a few years of hard work and dedication, In 2019 , another Diamond Clinic. branch opened in Cairo, in the Fifth Settlement.

Diamond distinguished itself with credibility, integrity and client trust. This trust in the clinic and its doctors was gained because Diamond's first goal. depends on providing the right medical treatment to its clients, and therefore the results are very satisfactory. We provide the perfect medical treatment and therapeutic courses according to each case based on proven scientific evidence and we trust that the results are content and guaranteed.

Our Services :

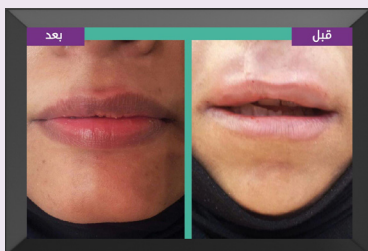

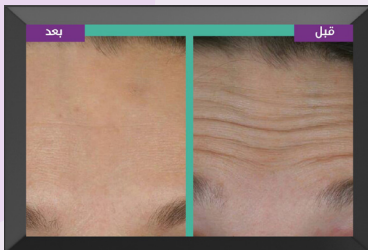

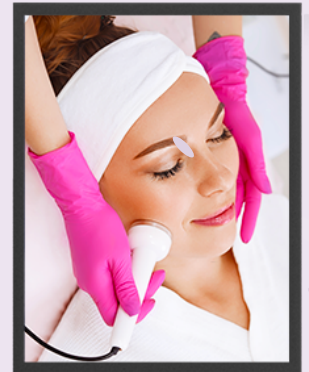

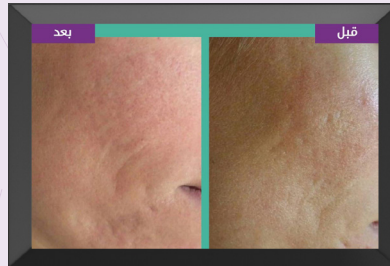

- **We treat all skin and genital diseases at Diamond clinic.**
- **All services are provided by highly qualified and experienced doctors.**

Face Care :

- 1- Wrinkles removal using Mesotherapy and the latest laser devices.
- 2- Skin treatment with crystal and chemical peeling.
- 3- Skin treatment with herbal exfoliation and vitamins.
- 4- Skin rejuvenation and cleansing using the Hydrafacial device.
- 5- Removing dark spots, freckles, and pores with Fractional Laser.
- 6- Courses and programs to add freshness and brightness to the skin.
- 7- Thread lifts to treat sagging face and neck.
- 8- Lip lightening treatment.

Botox & Filler :

- **Let's fight those aging signs together and keep you young for good in one session and without any surgeries.**

- 1- Botox injections to get rid of excessive sweatings.
- 2- Botox to remove forehead lines and eye lines.
- 3- Botox brow lift.
- 4- Botox and filler injections to add freshness to the skin.
- 5- Filler to adjust the nose, fill under the eyes area, and define cheeks.
- 6- Filler to fill lips and get rid of smile lines.
- 7- Filler to enhance the jawline appearance (Nefertiti & Texas) .

Hair Removal :

- **Permanent hair reduction.**

1- Hair removal with the latest laser devices.

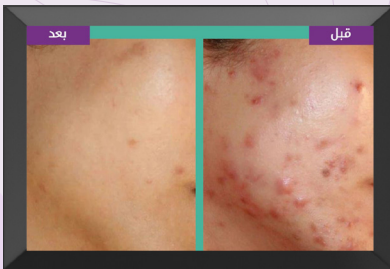

Cynosure American laser machine is the best with dual wavelengths Yag and Alex for all types and colors of the skin.

Acne Treatment :

- **Untreated acne can cause breakouts that can lead to pain as well as scarring and an unflattering look.**

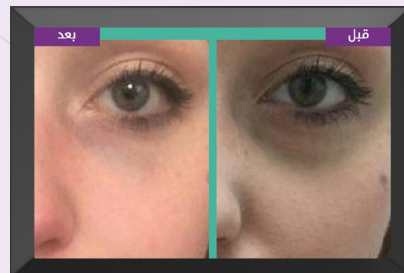

- 1- Acne diagnosis and treatment programs.
- 2- Acne scars removal using Fractional Laser.
- 3- Treatment of open pores with 70% to 80% efficiency.

Eye Care :

- **The eye area is the first to get affected by wrinkles as you age because the skin under the eyes is thinner than other areas on your face, and can easily start to look puffy if you are tired or stressed.**

- 1- Eye wrinkles treatment with different kinds of instruments, fillers, botox, threads, skin booster, plasmage, even surgery.
- 2- Dark circles removal by Carboxytherapy.

Hair Care :

- **No matter what kind of hair you have, everyone can suffer from hair problems. Your hair health needs constant care attention, and kindness. Hair is sensitive to changes in the environment, diet, and overall health.**

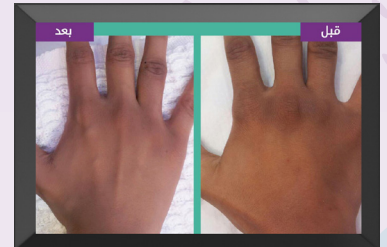

- 1- Hair loss diagnosis and treatment programs.
- 2- Complete hair treatment programs.
- 3- plasma and growth factors injection.

Body Care :

- **Looking and feeling better go hand in hand, and with the right body, it's possible to both look and feel better in mind, spirit and body. We help you get back in shape and look the best version of yourself.**

- 1- Body fat removal and skin firming using Mesotherapy.
- 2- Liposuction to get rid of unwanted excessive body fat.
- 3- Body fat dissolving, tightening and body sculpting by Powerstar device.
- 4- Full body whitening injections.
- 5- Skin tags removal.
- 6- Small Varicose veins treatment by laser.
- 7- Dermatology clinic.
- 8- Andrology.
